“ Where do I start you were the best friend anyone could have, amazing cousin, but most of all great mother.. from late night shenanigans to heart to heart conversations, you were there. You always had a smile on your face and made sure everyone else did too. I hate that I can't just call ya when I'm bored or Snapchat ya the retarded things I do when bored.. idk who is gonna keep me sane now, we know that was a tough job itself but you mastered it like a pro. I'm glad for all the time and memories we made. Until I see you again, love ya and keep me a spot next to ya. I owe you my life and in this time imma live it for you as well.

“ I remember when we were little and playing at my house in Paige, all the kids were outside playing ring around the Rosie and she let go.. fell and broke her arm. Aunt Cherie chased me around the yard trying to whoop my butt because she said that I let go. Spent the rest of the night at the ER getting a cast put on.. looking back at that... that was a fun night. There are so many other good and fun memories! Love you Kymber. Rest is silence girl.

“ My heart aches for losing such a beautiful, loyal, honest, bad ass Sister-in-Law. We didn't have much time together but we bonded instantly and became Sisters for life! I will truly miss having you in our lives but will always be here for your children when ever they need me (us). Love you! Til we meet again!

“ Within time our Hearts will mend. In the meantime lets celebrate Kymber. Her loyalty and love for life was special to many. Her husband, children and family were her world. Kymbers love for animals was extreme. That alone showed how much she loved. We will all miss her. There will be so many things that will remind you of her daily. We will always wish she were here. Although Kymber would want us to move forward in life.

My sister Kymber was one of the best Aunts My children could have. She constantly showed her love to them and they loved her so much. She nicknamed our last child Caitlyn "Monkey" I really dont no why, but that name stuck and in our family. Thats my little girls name. Her love for her Mother was beyond. She would do anything for her. Our sister Tessa was her best friend. If she needed any question answered that is who she called. Jason our brother he had a special bond with kymber she treated him as if he were one of her children. She loved him dearly. Our lives will be different without her but she will live on in all of us. We will push forward as life goes on but we will never forget her.
