“ I am so sorry Cousin!! I had no idea, no one reached out to me! I love you so much-you were my last link to my Daddy that I had! You will forever be missed and I pray to God that you were taken care of in your last days and you are happy and at peace now!

“ My childhood memories are filled with memories of Susie. We would visit our grandparents and they would be at the cafe their grandparents had. We had lots of summer fun together. Then early teens we moved to Lexington and they helped make that an easy experience. Always considered her a friend and she will be missed. Condolences to her family and friends.
