“ Hi folks, I got a Facebook messenger note from Bill July 11th he told me about the big C. I too 9 years ago was diagnosed with stage 4 head and neck cancer about a year after I met Bill on a trip to Texas to meet stations playing my music. Bill was the real deal, an honest to goodness great dude, thoughtful friend. I didn't know him as well as many of you did for sure but Bill was the kind of person that you knew right away was super human and more than just decent person. He sent me a message about my music which I am now promoting from the West of Canada where I live, and I wanna thank KRXT and other stations like KBSO for playing my music. I have a brand new album out Bill was giving me a review of in the last message I received from him. It's been a hell of a summer for losses of wonderful human beings I lost my favorite uncle a week after Bill passed. And another fan of my music also from Texas in July. Bill was way too young! RIP Bill - your friend in great music appreciation, Sean Hogan. I will dedicate my song Indelible to you when I play next on Friday. Anybody that wishes to hear it can contact me and I'll send it to you. All the best to all of Bill's friends and family, Sean
