“ *Susie was such a wonderful caring person! She said once that, "... that is what I do. Take care of others." And she did. And she always had a smile, a laugh, and a little humor to give to others. She and LW would often brighten my day after we lost my mom by a card or call. They wanted us to know that we were still part of their family and loved. Their children, grandchildren, great grandchildren, and extended family was everything to them. Such pride and love they gave. Neil and I will miss that smile and laugh and that willingness to help others, for we both loved her. We hope that our prayers will help ease the sorrow being felt today by Susie's family and friends. Prayers, Debbie and Nilesch Patel*
