“ Carolyn was such an amazing person. She started as a good coworker and became one of my very good friends. Even though we hadn't been able to be as close in recent months, I always knew she was there for me if I needed her. Her smile and positivity was something I knew I could count on daily and she really made everyone around her feel like they could make it through anything. My heart breaks at this loss, but I know she still has my back in heaven. I just want to thank Carolyn's family for bringing such an amazing person into this world, and let you know that in a short amount of time she managed to touch and change many lives. I am so sorry for your loss and pray for you in your time of grieving.

*Giving lots of love and prayers,  
Kasey*

“ Carolyn was a very special young lady. I only knew her for a short time but the friendship was built very fast. We had many of laughs together. I hate that this has happened. I am very blessed to have such a good relationship with her mom as well. Carolyn came to the hospital when my little boy had his tonsils removed and brought him ice cream. Then in a few months I had surgery and she came and visited me in the hospital as well. You don't come across many people like that anymore. Fly high sweet girl and keep sending the cardinals for your mom! I saw mine yesterday! I know you had a hand in that once I got the message and connected all the pieces!!!! You taught me a lot in the short time we knew each other!!!! Keep smiling!!!
