“ *What can I say about Donald Berka that most people don't already know, not much. Donald was a man that was good, honest, peaceful, hardworking, loved his family, most of all his grandchildren. When I first met Donald, we became lifelong friends and during this time, Donald was looking for something, many times, not finding it until Janis stepped into his life. She fulfilled his life with what he was looking for. Janis and her already made family became Donald's family. His love was extended to them. Thank you Janis for making Donald feel loved and your family loving him as well. I lost a very good friend, a brother by another mother and a coffee drinking buddy. No bikers weekend here in Bandera will ever be the same. I will miss you terribly. We are all grieving but know you are at peace and watching over us. Love you Buddy!*
