My friendship with Mr. Griffin started the year 2000. I had been gone for about a month having my hip replaced when I came home I had this big bull under my carport. I found out that it belong to Mr Griffin because the bull had made itself at home he would not let me under my own carport. So our friendship began he took his bull home and brought back some more cows. One was a very large white cow with long horns he told me that I could tame them so I named her Roxanne he came one day to feed them cubes they were knocking him down to get to the feed instead of being scared of him. that begin our 5 year friendship until I went under deer management for my AG exempt. To Mr Griffin's family my deepest condolences and prayers to all the family and friends. He will be greatly missed from just one of his many friends Millicent Buntin
