“ I remeber a very specific time as a kid I was
really really sick I woke up and my dad was
wiping my hair out of my face telling me I
would be okay. I in turn got sick all over his
shoes. He wasn't even worried about it, he
continued to console me and help me get cleaned up. I think I was
about 5 or 6 yrs. old at this time but it's one of my most vivid
memories. It will be a treasured memory forever now as it has been
for so many years. I love you Dad. I know I made alot of mistakes.
But I hope your proud of me now.
