“ *Gloria, we will always treasure our time with you and Wilson on our many vacation trips and visits for the rest of our lives. Wilson had a great influence on us. He encouraged us to take care of and love our spouse, enjoy every day of our life as much as we can, and travel the world before we are physically unable. Our travels and visits with you and Wilson over the past 45 years will always be our most fondest memories. We love you very much and your children as if you are our family and always will. Take care of yourself. We look forward to continuing to make new memories with you and your children for many years in the future. Love Always, Sarah and Don Morris*
