“ Will always remember June either reading the lesson at church and on the dance floor. She had a great personality and will be missed by many. Zephyr

“ Although Mrs. Neal was a teacher at LHS, I didn't get to really know her until I was teaching at Lexington Elementary School and we carpoled. I admired her independent nature, painting skills, and thriftiness. We had a good time those 5 years even on those days when the train blocked her departure time! Rest in peace, June. She loved you so much, Cheri!

“ I often said “Wonder how much bread and butter she put on tables!” If you wanted a job when you graduated you had one. She took us to Austin personally and had a reputation with the State of Texas agencies of developing strong dependent employees. She insisted both feet be flat on the floor when typing, no crossing your legs. I laughed so many times because if you crossed your legs under a State wooden desk, chances are you snagged your pantyhose! Ms. Neal was trying to teach us in more than one way! I will always be grateful she was part of my life!

“ *What a wonderful teacher and lady. I enjoyed her classes so much. She wanted her students to learn and always strive to do their best. I can still hear her saying get your paper ready, we're having a 5 minute speed test! You got ready or you might get left behind. She was our Senior sponsor and rode in the Homecoming parade with us for our 50th class reunion. God Bless you and your family Cheri. Judy (Brademan) Hasselbush ('64)*

Oh I loved her. I didn't type that well, but she had a way of getting the best out of you. Through the years I loved to see her in her dance outfits coming or going to a gig. She was so active and our class of 1964 love her for all she was. We all have great memories to treasure of her. Bless you all and know she was such a special person to all of her students in Lexington. With Sadness & Tender Care Ms. Neal, we love you.

“ I was the commercial business teacher at Lexington (1979-1987) when June was teaching VOE. She was not only a colleague, she was my mentor, and she taught me a great deal about being a good teacher. She helped me more than I can ever put into words, and I used the techniques and wisdom she passed on to me for 24 more years after I left LHS. She was a lot of fun, all her students loved her, and all the staff respected her a great deal. I'll treasure the times we experienced together in those 8 years at LHS. She was one of the most important people in my life, and I will always remember her.

“ Mrs. Neal was a great teacher and person. She contributed greatly to my education and skills that I have taken with me through life. I had the privilege of traveling with her to several competitions and she never treated me like a kid. Think of her often.
