JL

“ *She was a lovely friend. Even in her last days she was still spreading the knowledge of horses and sewing. God bless you Karen.*

JV

“ *Karen had a kind heart. She is the kind of person to correct you and teach you if you choose to learn. She will always be a positive member of our family and we will always love her as the kind and caring person she was. Equestrian horses were her passion. A passion she was very, very good at. We love you Karen, wish you were still here other than just in our hearts.*
