“ Marshall will always have a very special place in my heart. We started off as customer and vendor, then became Global Marine twilight golf league partners. He was so kind, funny, and very patient with my golf game. Until we meet again my sweet friend...

“ Have plenty of great memories with Marshall, aka Bubba. He was a hoot to be around and will be missed. The picture is of him and I in Nigeria. The interesting part of that picture is they shut down part of the road to give the planes more room for takeoff. He was off to the offshore rig and I was working inland.
