“ As kids growing up, the Garrison & Bush families were always together. I have many happy memories spent with them. I know that Willard & Fern are together again & oh the fun they are creating with my parents, Aunt Neva & Uncle Pee Wee. they are all together again. Until we meet again. My love to Gary, Marcella, Marlene & all the rest of the family.

“ Fern and Willard were the best friends of Mom and Poppa. They spent a lot of time together laughing, plotting (mostly Poppa and Willard), and dancing the night away. She always treated everyone with love and kindness, but, I know from experience, she could have a very stern attitude too. We all loved her. Prayers for all of you to remember the good times with her and not let her leaving keep you from smiling.
