“ A lot of my memories are of our childhood when we spent the most time together. We worked hard but still had time to go walking on the old place to walk the ravines and go play in the small tanks, basically the crawdad pond. Later I remember riding with Milton and Jimmy to Caldwell to work at Keller's. That was many years ago. Didn't enjoy the work but we ate out every day at lunch. I didn't spend a lot of time with Milton except for when we would get down to Texas. These last few months, we talked every week. I enjoyed those calls. I believe he did too. I love you brother.
