“ Nelma was my second mom and I grew up with Debra, their are so many fond memories I could not write. I remember growing up and my mom and dad always went to L.B and Nelmas house to play dominoes and it was always a happy and joyful place, I can still smell the peanuts roasting on that old wood heater and the best buttery popcorn you ever had! Nelma had tradegy in her life in losing Debra and Louise but she was a strong willed woman who believed in the Lord and that someday we will all be together. We spent many hours together at the old fruit stand which are memories that will never leave me and I am thankful for. I can't forget how she knew how much I loved the cherry crisps at school and she always saw I got a double portion! Nelma loved her family each and ever one of you. I sincerely offer my heartfelt condolences and rest assured she , LB, Bub and Eva are probably setting down for a game of dominoes right about now and talking old times. We will be together with them one day as promised by our Lord and savior Jesus Christ. Thinking of each of you and heartfelt love to the family

*Love and miss you
Your friend and second son

“ We are so sorry to hear of your loss. Maw will be missed by many love ones and friends. Remember the good times that you got to spend with her. Maws job here on earth is done, so God called her home to be with him. Don't cry for her, for she is in a better place and is watching over you. God bless and keep you all in this time of sorrow.

“ Shorty, Charlie, Frank, and to all the family and friends that loved Nelma, she will be sorely missed. I grew up getting to know her, her spunk, her firecracker spirit, so independent and charismatic. She was very special to all who knew her and loved her. I will miss her laughter and her caring nature. She used to come over and visit us at my Granny's and I always saw her at reunions or family gatherings. She was a gem and now she is smiling down on us from Heaven. I am sad and will be grieving with you all in spirit, for I will not be able to come to the service. I lift you all up in prayers and hope you find comfort and peace in God's love, but I know that Nelma wouldn't want us to remember the sadness of losing her, but the joy of the life she had and all the love from the memories of her presence in each of our lives. She meant the world to me, she was more than a cousin, she was like a second aunt and I loved her and will miss her. I send you all my love.

“ *Everyone in Milano probably has a story to tell about Maw. I don't want to tell a story. I just want to say how much she meant to me, but there are no words. No matter when or where I saw her, she hugged me, asked about me and my family and when I asked about her, she just shrugged and said "Can't complain". She never minded that I called her Momma. She always answered with a smile. She and L.B. were a big part of my life after the bitterness of a divorce and she helped me through it. Thank you Maw for being you. God bless and hold you in His loving arms. Until we meet again, keep Paw in line, like always!*

“ *I will miss Nelma. She has always been a kind and very independent woman. Seems just a few weeks ago I saw her getting in her truck. I waited watching her until she was in and going because I knew if I asked if I could help she would tell me she was just fine! Such a good neighbor and friend. Love you Nelma, you were a very important part of Milano.*

“ *I surely will miss Nelma, when I got sick in 2013 and had to have a series of chemo and radiation, Nelma called me everyday to see how I was, we became the best of friends and have called each other nearly everyday and we worked together in the Milano Fire dept ladies auxiliary twice a year, she was very helpful about objects that we didn't know about, she would tell us what they were and about what year they were made, I have comfort in knowing she is with LB and her daughters plus other members of her family, she was such a strong person and had been through a lot of grief, I admired her greatly and she taught me that things will be alright, in fact that's the last thing she told me Tuesday at the Seniors Thanksgiving luncheon, when I told her I just had my 6 month checkup and scans and she was right everything is ok. I love ♡ you Nelma and I know that you are OK. Your friend forever, Lois* ”
