“ *I will miss seeing Rose across the street working in the garden and stopping to chat with me. She would make these wonderful metal flowers out of beer or soda cans and paint them so you could not even tell that is what they use to be. She gifted me with one of her lovely creations. She was a good neighbor along with her husband, Jake. My deepest sympathies to the family. May you find comfort in the good memories you have and the peace she has found.*

*Sincerely, Diana Schindler*
