“ I’m going to miss you so much! I wish I got to spend more time with you but unfortunately that isn’t the case. I’ll never forget your love for gingerbread items and how many stories you told me over the years. I hope you’re at peace now. I love you forever.

“ Grandma you will be greatly missed. I will miss your sweet smile and positive attitude on everything. I am sorry my children will not have the same memories I do or had more time with their Gigi. I loved that you liked to cook and bake and always looked forward to your meals or desserts. That's the fat boy talking in me. I loved that you were the most technology advanced grandma I knew. Will miss helping figure out your technical issues with your computers.

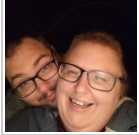

Love you always grandma,
Thomas Polley
