“ Tammy was the light at the top of the lighthouse. The one thing that her and her family were the biggest advocate for is the one thing that dimmed her light! Her family should be proudest of all! She was a fighter and never lost the smile on her face. She would open the restaurant early so the football players could have breakfast before practice. She put up the best fight of all. She did alot for the community and the community had her back. Rest in peace you deserve it. You are line dancing in heaven....you loved to dance.

Knew Tammy for only a brief moment, but could tell she was a delightful person to be around. From everything I've heard about her, she was indeed a fighter. She had to be to endure everything she experienced in her brief life. No doubt a large void will be in the lives of those who loved her and will miss her immensely. Love to your family always.
