“ *My special sister! My only sister! How she loved me! She had a beautiful soul and was sensitive but so very tough. She endured almost an entire lifetime of trials. She would get tired, she would get weary but she trudged on. She was ever uplifting to me and always encouraging. She lived often behind a camera lens. She could bake and I don't recall any of her baking to have been met with failure. I can burn up canned biscuits on the other hand. She could sew, she has a green thumb and she was the best office worker anywhere - dedicated, thorough and I wonder if she made any mistakes! She had 20,000 names in a history database - well almost. I will love and miss her all of my days here! Though I knew it would come and I might have seen it coming - losing you is so very hard. It doesn't seem possible as I rush to the phone to call you! Wait for your texts.. hope for a visit... Love you so much! Jan/ Gongga / Dr. G*
